# PUBLIC ABSTRACT REQUEST SYSTEM OVERVIEW

PARS is a secure online service that allows authorized account holders to receive driver and/or vehicle record abstracts quickly and easily using the Web. Participants have instant access to DMV abstracts delivered via Portable Document Format (PDF) images. Typical account holders include insurance companies, attorneys, towing companies, transport businesses and other large volume requesters.

Wisconsin recently entered into an agreement with Wisconsin Interactive Network LLC (WIN) to develop Wisconsin's new eGovernment portal. Access to PARS will be through our DMV data portal provided by Wisconsin Interactive Network LLC. The contract and user agreements will continue to be between the DMV and your organization. Wisconsin Interactive Network LLC will now administer those agreements on behalf of DMV.

## **System Availability:**

Access to PARS is available 24 hours a day. WIN support staff is available to help with on-line system and application problems.

Phone: (608) 250-4606 Between 8 – 4 pm Monday through Friday

Email: [wi\\_helpdesk@egov.com](mailto:wi_helpdesk@egov.com)

Web: [www.portal.wi.gov/register/](http://www.portal.wi.gov/register/)

## **Fees:**

The requester is charged \$5 for each abstract search that is initiated. The fee applies to the search and not to the result. For instance, if your search results in a response of "no customer match", you will still be charged a \$5 search fee.

## **Billing:**

Fees are automatically debited by electronic funds transfer using the Automated Clearing House (ACH) system. Once enrolled, authorized users will need to enter bank account information into PARS to setup their ACH account. Please consult your financial institution before entering the routing and account numbers to ensure accuracy.

## **What is ACH:**

The Automated Clearing House (ACH) system is a secure, private network that connects banks to one another by way of the Federal Reserve Board or other ACH operators. This network enables secure electronic payments to be processed.

## **Contract:**

Applicants must sign a PARS data access agreement. The agreement will expire approximately four years from initial enrollment. A specific expiration date will be provided at the time of authorization. It is not required to continue with PARS for the entire four years; length of participation within the contract period is up to the participant.

**User Access:**

A completed [MV3758](#) User Access Request form must be submitted whenever a new user is added or an authorized user is deleted.

Current criminal background checks (no older than 6 months) must be submitted with the MV3758 form.

- If you are located in the state of Wisconsin, you are required to use the Wisconsin Department of Justice to run criminal background checks. You must keep a copy of the results on file in your office.
- If you reside outside of Wisconsin, any accredited background check provider can be used.

**Contact WIN:**

Contact WIN for assistance with PARS accounts, and any account updates. Account updates may include: changes to your email address, phone number, agreement coordinator, adding or deleting users, individual user permissions, etc.

Phone: (608) 250-4606 Between 8 – 4 pm Monday through Friday

Email: [wi\\_helpdesk@egov.com](mailto:wi_helpdesk@egov.com)

Web: [www.portal.wi.gov/register/](http://www.portal.wi.gov/register/)

**Note: You will need to contact WIN if the individual who signed the PARS Contract has left your agency.**

**Contact DMV:**

# SYSTEM REQUIREMENTS

The Wisconsin Department of Transportation is unable to provide software or hardware support for non-state owned equipment. Additionally, due to the nature of the Internet, we cannot ensure your connection to state owned resources over public and private networks.

## **Network requirements – Internet connectivity**

To access the application, a connection to the Internet is required.

## **Firewall and proxy configuration**

WisDOT does not provide support for other organization's infrastructure components, including the diagnosis and configuration of firewalls, proxy servers, etc. WisDOT cannot assume any liability for problems or outages that may occur either directly or indirectly related to infrastructure configuration and support issues.

- Using a color printer is recommended but not required. Non-color printers will show colored entries in shades of gray.

***Note:** The Public Driver Abstract System times out after a non-use period of about 15 minutes. If this occurs, simply log on to PARS again.*

# ADOBE READER SETTINGS

In order to use PARS correctly, you will need to make sure that your ADOBE Reader Settings are properly set up.

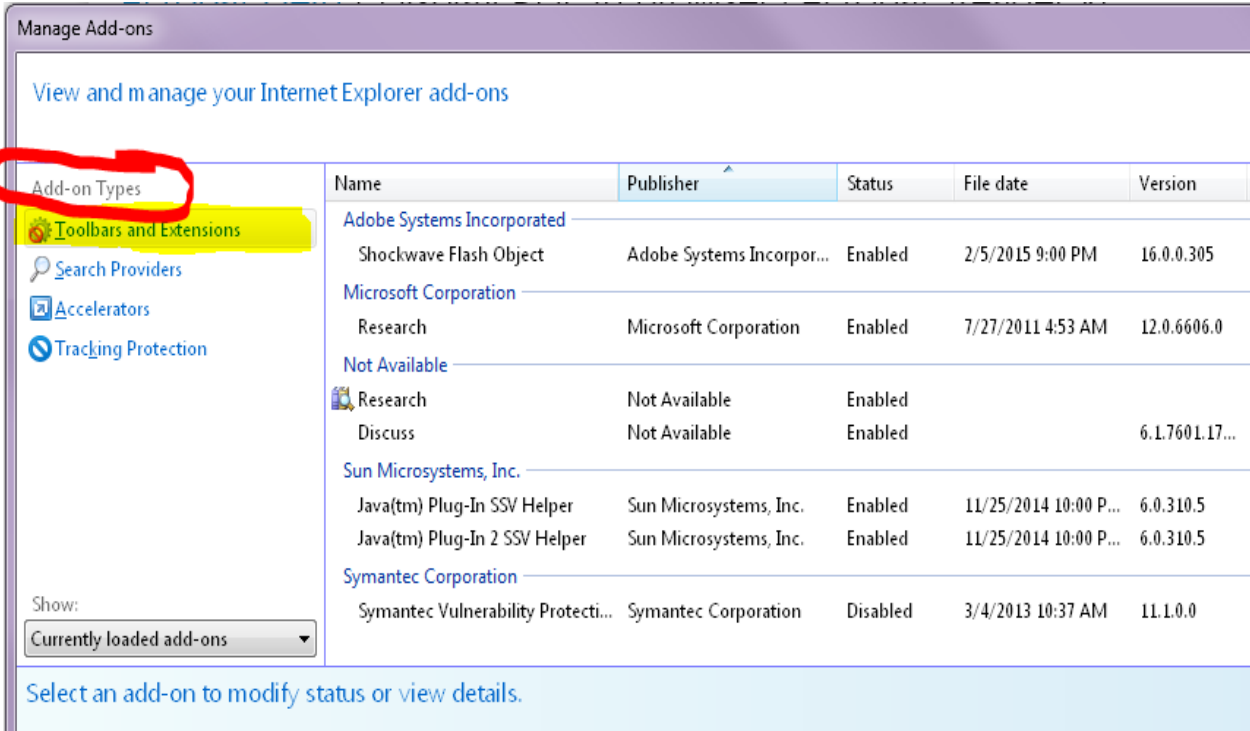

When you click a PDF link on a web page, it can open either within the web browser or directly in Acrobat or Reader. Each browser has its own settings to control how PDFs open from a web page. Acrobat XI and Reader XI do not include a preference setting to open web-based PDFs. To change the display behavior, follow the instructions below for your browser, or see the browser documentation on how to control plug-ins or add-ons.

Adobe PDF files are identified by an icon .

3. In the Show menu, select All Add-ons.

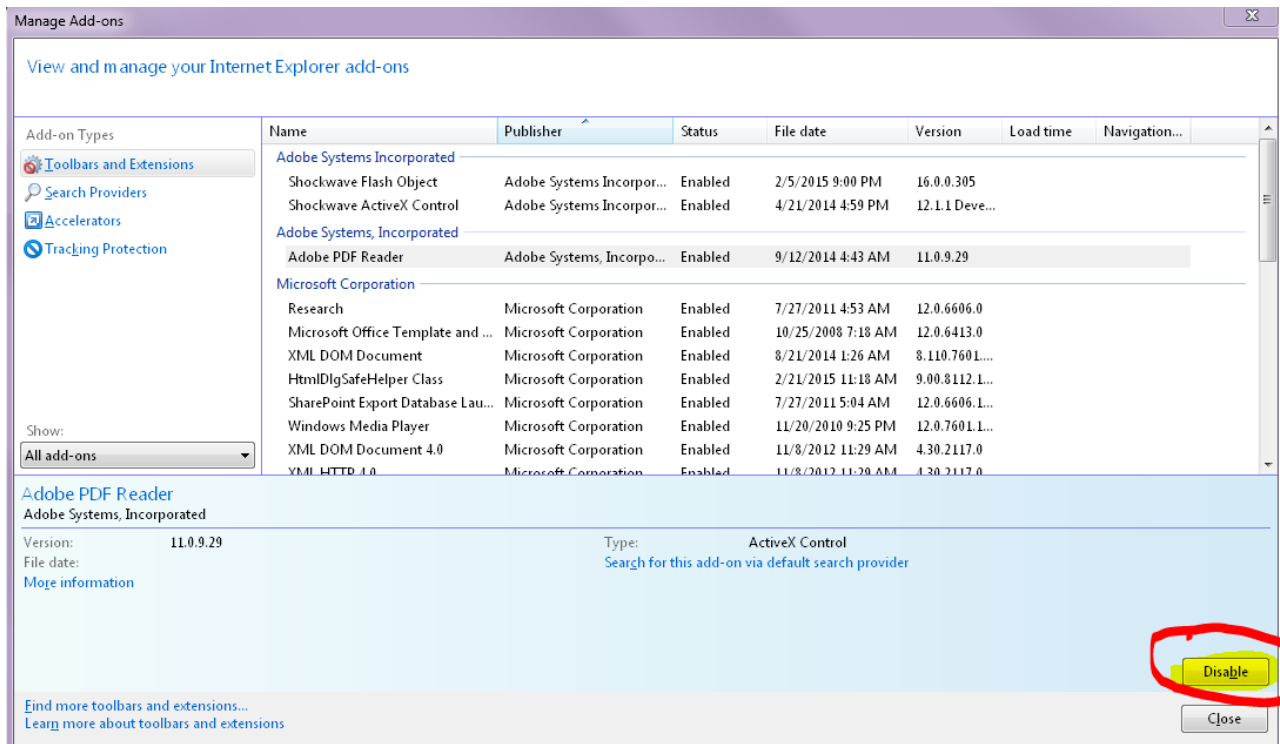

Select All Add-ons from the Show menu in the Manage Add-ons dialog box.

4. In the list of add-ons, select Adobe PDF Reader.

*Note: If you do not see the Adobe PDF Reader add-on, try the other options on the menu. For example, on some systems, the add-on appears when you select Run Without Permission.*

5. Click the Disable button (it toggles depending on the status of the selected add-on):

**Enable** sets the Adobe PDF Reader add-on to open PDFs in the browser.

**Disable** turns off the add-on so it does not open PDFs in the browser.

6. Click on Close, and then close all Internet Programs and restart your computer.

# Apple Safari

## Make Acrobat or Reader the default viewer for PDFs

1. In the Finder, select a PDF, and choose File > Get Info.
2. Click the arrow next to Open With to expose the product menu.
3. Choose either Adobe Acrobat or Adobe Reader from the application menu.

Choose Acrobat or Reader from the application menu.

4. Click the Change All button.

Select Change All in the Open With panel.

5. When asked if you want to change all similar documents, click Continue.

## Safari browser preferences

1. Launch Safari and go to 'Preferences

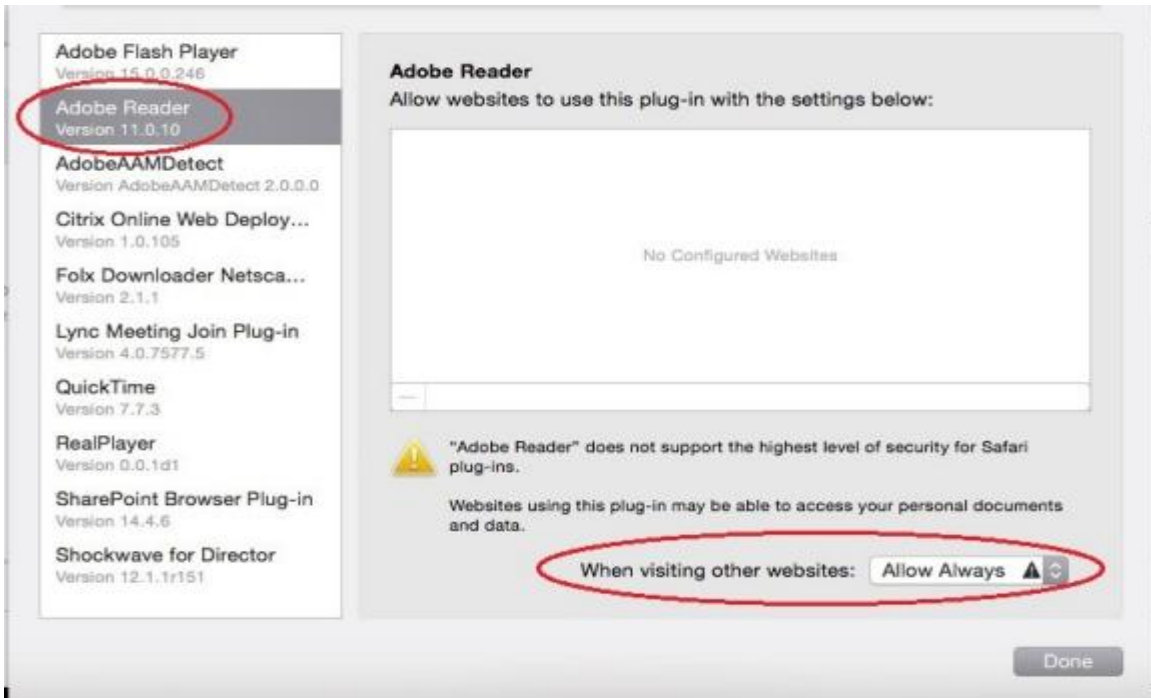

2. In the 'Preferences' window click on 'Security' and then click on 'Website Settings' button under 'Internet plug-ins'

3. Now select 'Adobe Reader' in the list of plugins.

Under the option 'When visiting other Websites', in the drop down list select 'Allow Always' and click on 'Done'

*Note:* This will set the browser to use the 'Adobe Reader' plugin to view pdfs

## Disable AdobePDFViewer plug-in

You must have root user privileges to change the Safari plug-ins. To display PDFs using the Safari PDF viewer, you must disable the Adobe PDF Viewer.

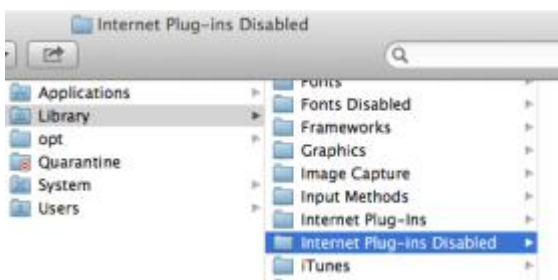

1. Quit Safari.
2. Log in as the root user. The root user privileges aren't enabled by default because the root user can change system files. For more information and instructions, see one of the following Apple documents: [Enabling and using the "root" user in Mac OS X](#) or [OS X Mountain Lion: Enable and disable the root user](#).
3. Choose Go > Go To Folder.

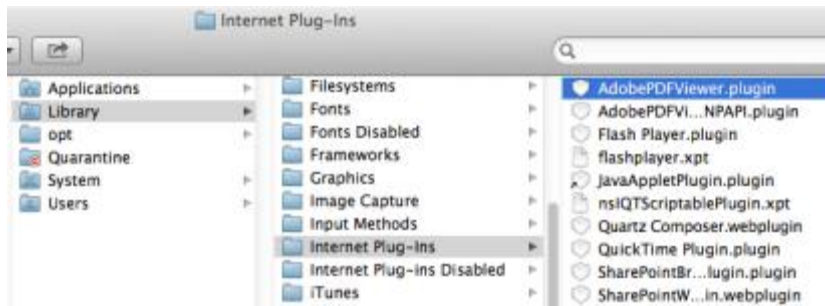

4. Type /Library in the Go To The Folder field, and click Go.

5. Create a new folder in the Library folder, and name it **Internet Plug-ins Disabled**.

6. Open the Internet Plug-ins folder, and move both the **AdobePDFViewer.plugin** and the **AdobePDFViewerNPAPI.plugin** into the new Internet Plug-ins Disabled folder.

*Note:* If both AdobePDFViewer plug-ins are still in the Internet Plug-ins folder, drag them now to the trash. You may be asked for your name and password.

For more information, see the Apple Safari help topic [If you need to remove a plug-in.](#)

**See also** [Configure browser to use the Adobe PDF plug-in](#)

## Problems Reading Adobe PDF files

- If the PDF file does not load when you click on it, hold down the Ctrl (Control) key and click on it again.
- If the PDF file does not load while pressing the Ctrl key, click on Refresh. Then try holding down the Ctrl key and clicking again.

## Adobe Reader Support Resources

The Wisconsin Department of Transportation does not provide support for the Adobe Reader. Should you encounter difficulties downloading, installing, configuring, or using the Adobe family of products, Adobe has established a detailed support site for addressing issues or problems.

- Adobe customer support

# FIRST TIME USERS

## All PARS users

- The first time your organization accesses PARS, your bank account information must be entered into the system. Please refer to the ACH Account Maintenance, Initial Account Information section in this manual for step-by-step instructions.

## ACH Account Maintenance

- Only PARS users designated with ACH authority have the ability to set-up and change bank account information. If you have questions regarding who has ACH authority for your organization, please contact your PARS coordinator.

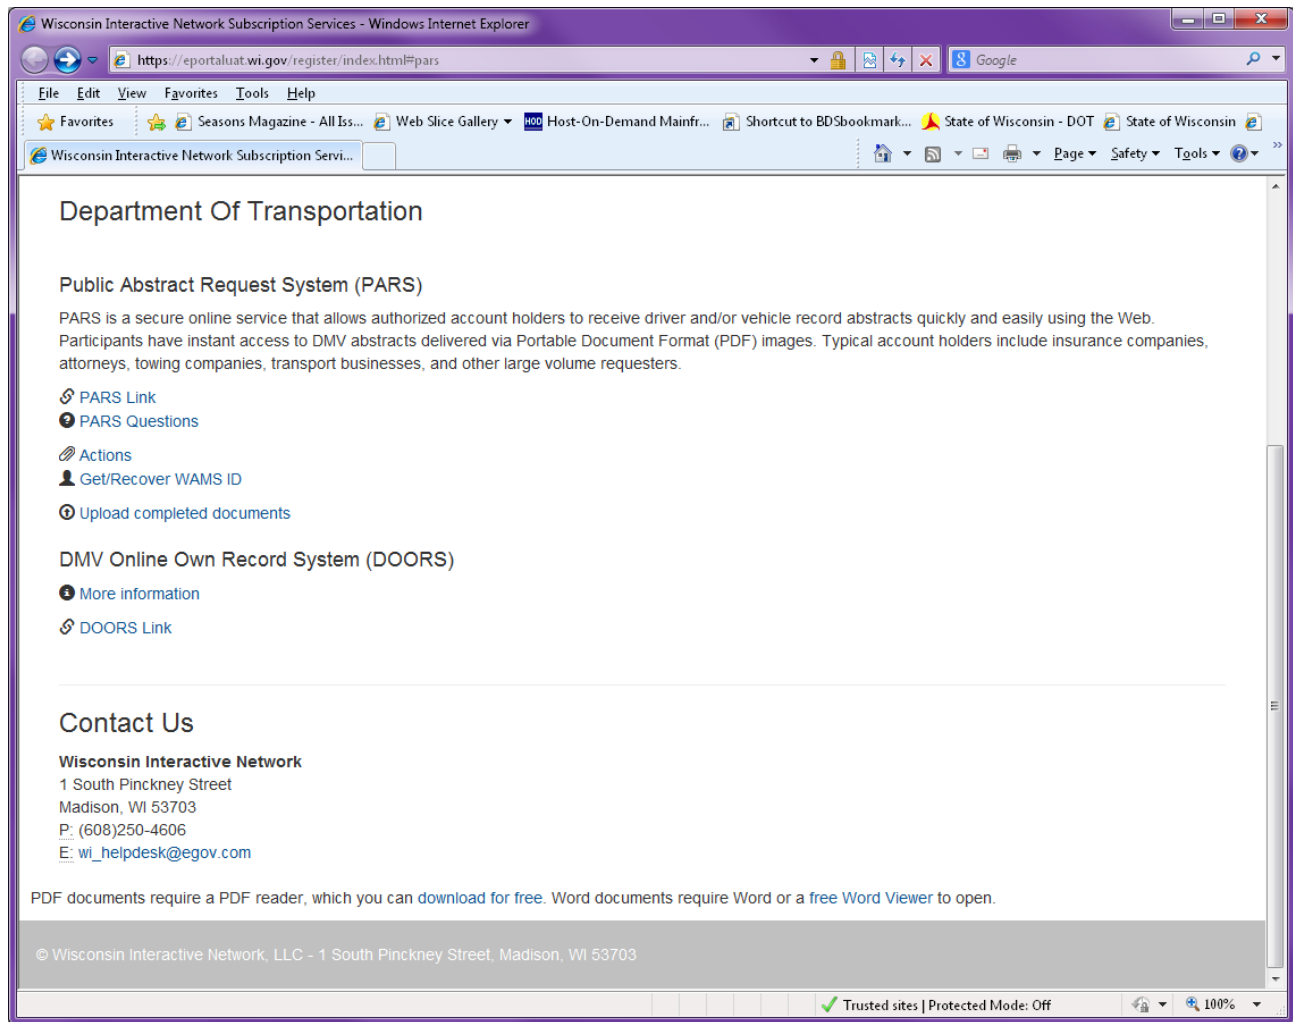

***Note: Bank Account information must be entered before abstracts can be requested.***

## Employer Notification users only

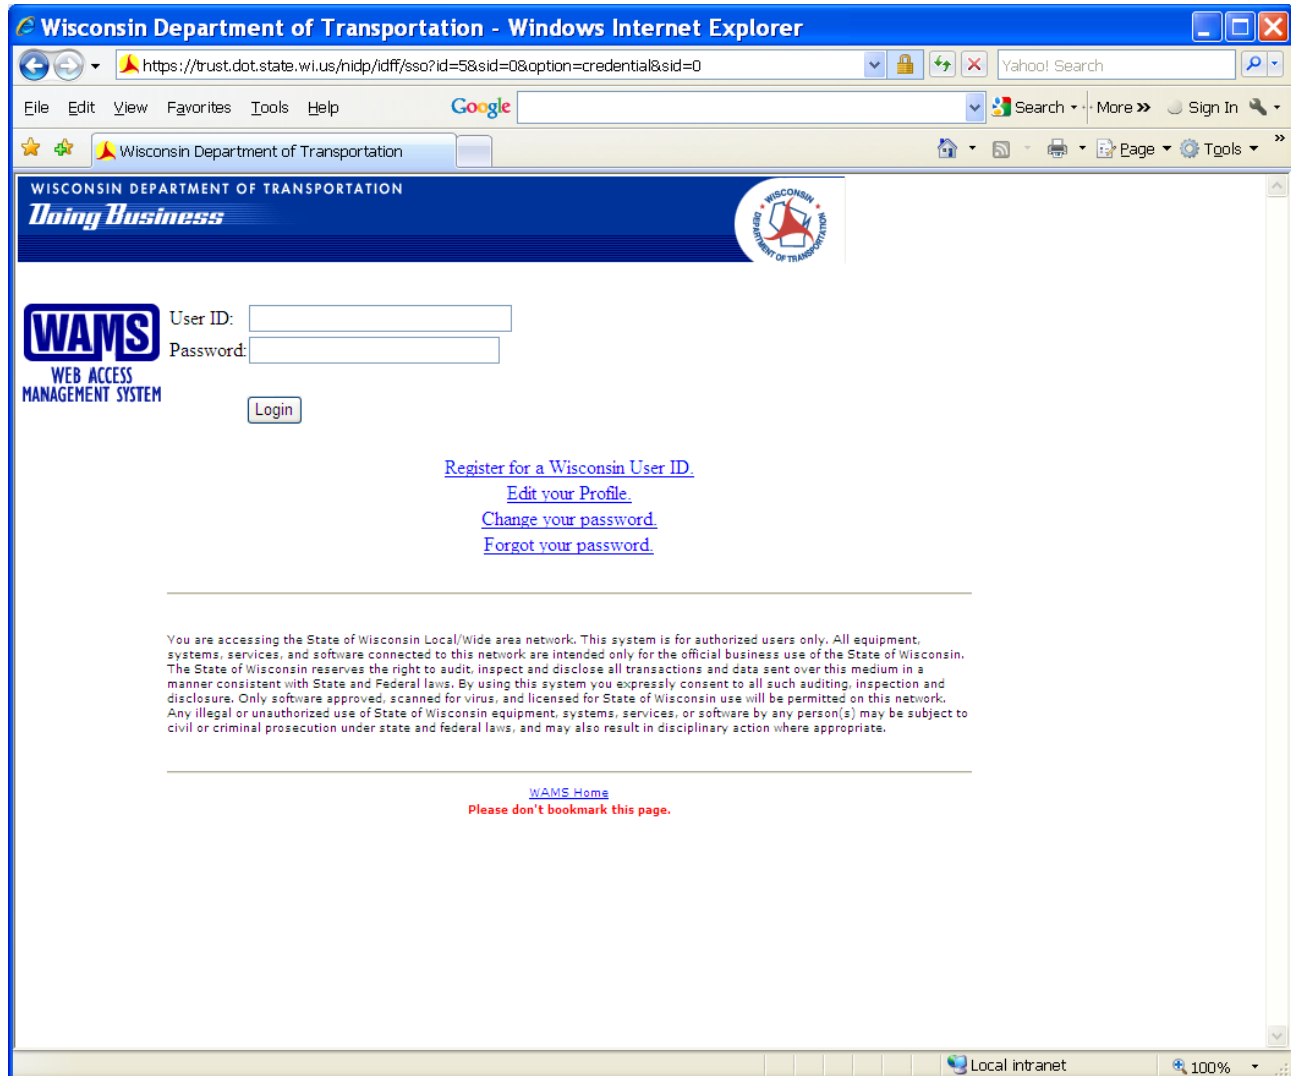

- Employer Notification users should immediately enroll their drivers.
- Refer to the “Employer Notification” section for instructions on enrolling your drivers.

# LOG IN

Access to PARS will be through our DMV data portal provided by Wisconsin Interactive Network LLC (WIN). PARS Portal website address: <http://www.portal.wi.gov/register/>

Click on the PARS link, and the following screen will appear:

1. Type **User ID**.
2. Type **Password**.
3. Click on **Login**.

## Password Problems:

- Forgot your Wisconsin User ID or password?
- Use the underlined links highlighted in blue for help with account recovery. Account recovery is used to restore access to your account if you cannot remember your password or your Wisconsin User ID.
- You must know the answer to your secret question and you must have access to the e-mail address used on your WAMS account.
- A link provided in the e-mail is used to recover your account information. If you have forgotten what your user ID is, it will appear in parenthesis in the email you will receive.

[Logoff](#)

Welcome to the Wisconsin Department of Transportation's Public Abstract Request system (PARS). This system is designed to assist you in accessing DMV record information.

A help link to our [Public Abstract Request System Manual](#) will assist you with your electronic request.

For Authorized use only. All users must comply with the restrictions of the [Federal Driver's Privacy Protection Act](#) that regulates access to Motor Vehicle records. All usage is tracked. Unauthorized use will be reported to the appropriate authorities for disciplinary and/or legal action.

Account holder usage is limited to the mission and official business functions of their agency.

If you experience problems with system access, please contact PARS User Support anytime between 7:30 AM and 4:00 PM, Monday through Friday at (608) 266-0928.

---

Vehicle Records may be searched by entering only one of four different types of information.

- **Vehicle Identification Number (VIN)**
  - Type the entire VIN, use a zero (0) instead of the letter “O”
  - VINs vary in length from 1 to 21 alpha/numeric characters
- **License Plate Number**
  - Type the entire plate number with no spaces or dashes between the digits even if they appear on the plate; do not use “O” but instead use a zero (0). Dealer, Tribal and Apportioned plates are not viewable with this program.
  - When entering a license plate for a vehicle that has a weight sticker, do not enter the weight sticker as part of the plate number
  - Select the license plate type if you know it; adding this information will reduce the number of records returned by the system

**Note:** When reviewing a list of plates or vehicles to select you will notice a license plate “Status” will be included. This status does not reflect if the license plate is expired. “Valid” indicates the plate still belongs to the registered owner and has not been cancelled or reported stolen. Even if the license plate is not associated to a vehicle, the “Status” will still reflect “Valid” if it has not been cancelled, reported stolen or has expired.

- **Business or Organization Name – “Non-Individual”**
  - Type the business name as close to its official title as possible including “INC” or “LLC” if applicable
  - Most DMV records do not contain punctuations; enter “INC” instead of “Inc.”
- **Individual name**
  - Type the correct spelling of the last and first name
  - Type a middle initial when it is known

There are additional fields in the individual name area. Entering more information in these additional fields will help reduce the number of records returned for your search.

**Note:** You cannot enter information in more than one area of criteria, e.g. you cannot enter a VIN and license plate number or a license plate number and a customer name. You must choose one of the four areas.

Once you have entered your search criteria, verify the information is accurate.

- Click on “**Purchase an Abstract**” to proceed, or
- Click on “**Main Menu**” to return to the program option choices

**Important:** When the “Purchase an Abstract” button is selected your account will be charged a \$5 search fee. One of the following will appear:

- A list of customers from which to choose
- The record for which you were searching
- A pop-up screen indicating “No matching record found for the information entered”

When you receive a list to select a specific record, you will not be charged an additional fee for the first abstract. You may return to the list by clicking on the “Previous Page” button to select another customer or plate to purchase an additional abstract. If you return to the “New Search” screen without selecting an abstract your account is still charged a \$5 fee.

When entering a **Vehicle Identification Number (VIN)** or **License Plate Number** you will usually receive an abstract directly. The abstract will be preceded by a pop-up screen that will give you the option of opening the record or saving it to a specific location on your computer. We recommend you save the abstract in case there is difficulty with your printer or you need to refer to it for additional information.

If you choose “Cancel” on this screen you will still be charged the \$5 search fee.

When entering a **Non-Individual Name** or a **Customer Name** you may receive a list of customer records from which to choose. Review the list for the record matching your request. The list will contain the following information:

- Name
- Gender (individual only)
- Age (individual only)
- Address: Street, city, state, zip code and county

Select	Name: FEMALE CUSTOMER Address: 123 MAIN STREET	Gender: Female MILWAUKEE, WI 53205-2541	Age: 26 MILWAUKEE

The vehicles associated with this customer will display the:

**Title status:**

- Valid – Currently titled to the customer listed above
- History – Title has been transferred to someone else or the vehicle has been recorded as junked.

**Registration Status:**

- Valid – Plate is still owned by the customer listed above; this is not an indication of whether the plate is current or expired.
- History – Plate has been cancelled, reported as stolen or destroyed.

**Role:**

- Own –Owner on record

*Note:* See the DMV Abstract Manual for an explanation of the different statuses and roles listed.

Select the **“Purchase”** button to view the vehicle’s abstract.

- If the vehicle has a History status and you click on the “Purchase” button, the abstract you receive:
  - Will be for the current owner of the vehicle if the vehicle was sold
  - The historical title if the vehicle was junked.

## Duplicate Records

When entering the VIN or a license plate number, the vehicle abstract will appear unless there is a duplicate record for the same entry. A temporary plate may have the same license plate number as a Sesquicentennial plate or a light truck plate may have the same number as a semi-trailer plate. If this occurs, a list will appear identifying the plate type for you to select an abstract.

# EMPLOYER NOTIFICATION PROGRAM OVERVIEW

Employer Notification is an optional program for PARS participants. Employer Notification provides employers with current information regarding the driving record of their enrolled employees. Employers may enroll any employee whose employment responsibilities include the operation of any motor vehicle. Wisconsin Statutes 343.245 authorizes this program.

Employer Notification allows participants to create and maintain their own roster of employed drivers. The system is designed to have participants logon and check for employee driving activity. As detailed in the following pages, the system will identify all enrolled drivers with recent activity on their driving record and enable the purchase of their driving record abstract. Activity should be monitored on a regular basis, as determined by your particular business needs.

As a **courtesy reminder**, the PARS system will automatically send an e-mail each Monday morning to the designated PARS Agreement Coordinator if there has been recent activity on one or more drivers and an abstract has not yet been requested. Participants will only receive an e-mail if there has been recent activity and a driving record has not yet been requested.

We encourage PARS participants not to solely rely on these e-mails. E-mail delivery can be disrupted by elements beyond the control of DOT, including firewalls, spam filters, and suspended or disabled e-mail accounts.

## What Triggers Employer Notifications?

**Records will update when an event is added or changed:**

- WI Accident Date
- Accident Severity
- Violation Date
- Conviction Date
- Charge Code
- MPH Over
- Minor in Vehicle
- Operating Class
- Violation Directive
- OOS Violation Date
- OOS Conviction Date
- OOS Charge Code
- OOS Operating Class
- OOS Violation Directive
- Withdrawal Effective Date
- Withdrawal Release Date
- Withdrawal Charge Code
- Length of Withdrawal
- H endorsement due - Notifies employer 60 days prior to H endorsement renewal date.
- School Bus Follow-up - Initial/Next - no charge

### **Records will update when an event is added:**

- OOS Accident
- OOS Withdrawal
- Moved to another state
- Product Notations (Out-of-Service Withdrawals only)

## **Triggers Related to Fed Med**

- New or updated accident (WI or Out of State)
- New or updated trackable, non-confidential violation (WI or Out of State)
- New or updated non-confidential withdrawal (WI or Out of State)
- New moved out of state entry
- New or updated H” - Hazmat restriction
- New or updated 51” - Intrastate restriction
- New or updated K” - Interstate restriction
- New CDL Self Certification
- New product notation 63 - 24 hour out of service
- School Bus Medical Follow-up
- Fed Med - MEDC - Medical Certificate Follow-up (Restriction expiring in 10 days, 60 days to med certificate expiration)
- Fed Med - MEDS - Medical Certification Status (Not Certified)
- Tier change
- Med cert notification:
  - 60 day (expiring in 60 days)
  - 0 day (expired today - not medically certified)
  - 10 day (now VTSed)

### **Additional information:**

- If a withdrawal, violation, or restriction is added to the driver record, the employer is notified. If DOT then removes it, the notification is still made to the employer.

School Bus Medical Required by 12-07-2008

School bus medical follow-ups are generated when a driver with a school bus endorsement has a medical requirement that needs to be met. The notification appears 60-days before the school bus medical due date. The notification will not disappear until after the due date, even if the driver has complied with the requirement.

It is the employer's choice whether or not to purchase a driver record when a school bus follow-up notification appears. If the driver does not comply with the requirements, their school bus endorsement will be cancelled and a new notification will be generated for the cancel.

### Medical Examiner's Certificate Entry

lauraf processing on behalf of PARS USER SUPPORT

**Please upload medical forms for ZZZDOTFEDMED, FEDMED .**

#### Instructions for uploading medical forms

To upload a Fed Med card or Medical Examiner's Certificate (and any other documents, like a waiver if this person has one) to the Department of Transportation, do the following:

- Use a scanner to scan any Fed Med card or Medical Examiner's Certificate (and any other documents, like a waiver if this person has one) and save the images to your computer. Please review that the images are clear and legible. Acceptable file formats are JPG, TIF, GIF, PNG and PDF and the file size must not be larger than 5MB.
- For your Medical Examiner's Certificate or Fed Med card, click on the Browse... button under "Medical Certificate", navigate to where you saved the image, select the file and click Open. If you have a 2nd Medical Examiner's Certificate or Fed Med card image to upload, click the Add Another Image... button to add another file.
- Once you have selected your file(s) to upload, click the Upload Medical Files button. Once the upload is complete, a page will display indicating that your medical forms have been uploaded.
